QUOTES FROM OUR CUSTOMERS

"RCC Associates has been the general contractor of choice for Maggiano's for the last 4 years. They are one of the ONLY general contractors that seems to consistently be able to handle a Maggiano's project. They have built both remodels and new sites for us - both ground-ups and in-line's. While their annual volume with us is smaller than many of the Chili's contractors (by number built), they consistently raise the bar for how a general contractor should manage a project for us. Their last Maggiano's, Cherry Hill NJ, was their best to date; it was turned over early and the quality was excellent. The project was a very difficult one from the Developer and they had to take on over half a million dollars in additional work that was supposed to be done by the Developer - and we still kept the original contract date. All of this while keeping the change order percentage under 3% (for a Maggiano's which normally runs in the 8%-10% range!!). They have just started construction on the new Maggiano's in Austin, TX, and I am excited to have them as the selected General Contractor for this project, as the technical difficulties on this one will be even greater than what they faced in Cherry Hill.

The project team is one of the best I've ever worked with, their pre-con and estimating department is by far the gold standard in this area, and their management team has been a terrific partner for 5 years. It has been an absolute joy to work with this contractor, knowing that the technical issues are handled correctly, the quality is above par, the paperwork is outstanding, and their after-opening support is great too. I would like to add that what makes it such a pleasure to work with you folks is that you truly approach a construction project as members of a TEAM, working together with us and our internal and external groups to achieve the end result in a positive way. It is an honor and a privilege to award to RCC Associates the Brinker International 2009 Hospitality Award for Partnership Excellence."

Ryan Hatfield, Director of Construction
Brinker International

BRINKER
INTERNATIONAL

"I am so glad that I chose to work with you instead of some other contractor. I probably would not have had such a pleasant experience as I have had with RCC. Now I want the world to know how great it was to work with you!! True I had a large amount of change orders due to various reasons, but I know that the project was much more involved than anticipated and only your company could have handled changes/problems so swiftly and still be within schedule. Everyone did a great job! I hope that you get a lot of publicity out of this; I know the Town of Davie is talking about you to developers and everybody was impressed with the speed. They said it was 'in the blink of an eye' and 'they had never seen anything like it'. Please use me as a reference to your future prospects, I would be happy to tell them all about my experience with you. I would love to see you again to thank you personally, and if you are in the neighborhood, please stop by with your families as my guest."

Toula Amana, Owner
Flashback Diner

"I was at the Zingara store at Aventura Mall yesterday. The project is simply Beautiful. The project management team was on top of everything. The project was done on time. The RCC team always answered their phone, addressed problems diligently, the coordination was impeccable and the quality of work is superb. I am very proud to work with RCC."

Norberto Rosenstein, AIA
Norberto Rosenstein Architects

QUOTES FROM OUR CUSTOMERS

"I am very happy with the overall store construction, appearance and state of readiness. Terrific job; the best ever for a first time GC...Look forward to seeing you on the next one."

Robert Dahlgren, Sr. Designer
PF Chang's Bistro

"I enjoyed very much my experience helping in my small way in the construction of ZED restaurant. During this time I came to have a great appreciation of you all and RCC as an organization. I loved working with your team. You all did a great job. Over the years I have dealt with a lot of contractors and for the most part these experiences were not favorable, and I honestly had developed a bad taste for contractors. I must say that being involved in this project with you all was a very enjoyable experience, and I feel you are in a totally different class from others I have worked with over the years. Again, it was an honor working with you and I wish you continued success in all your endeavors."

Stephen Vrabel, Project Manager
Tavistock Restaurants

"Just to let you know that due to your diligence and reporting, I was able to ask the question back to the landscape vendor and got a reduction of almost a thousand dollars on his invoice. He mis-scaled the sketch I sent him and he quoted 50% more plants than what he was able to fit into the space allotted. He had already submitted his invoice for the full amount, so if I hadn't challenged him on his plant count, I would have paid for product I didn't receive. And since this was an "add" that was never budgeted for, every penny counts!!! I know that this was out of your area of responsibility and you had no requirement to report this and bring my attention to it - but this kind of above and beyond care towards the owner's interests is why you are the BEST and always the one I want to work on our projects."

Ryan Hatfield, Director of Construction
Brinker International

"Your Superintendent and Carpenter that worked on our project are Tremendous Assets to your company! They are Extremely Knowledgeable, Patient and Hard Working! They made what is normally a Very Stressful Undertaking, Stress Free for my staff and me at #5831 in Largo Florida. Hats off to your company and staff!"

Jimmie Nelson, Store Manager #5831
Wal-Mart Stores

"Based on my experience with RCC at Mizner Park, I would recommend RCC as a bidder for construction projects at GGP centers. RCC's superintendents have been courteous and professional in handling challenges. RCC completed much of the work at Uncle Julio's, a huge project, during off hours to avoid disturbing the office tenants above. The Rack's restaurant project, currently underway, finds RCC balancing the needs of Rack's ownership, with adjacent Max's Grille, and the nearby residential tenants. This company has been a pleasure to work with as either the project owner or a stakeholder. "

Gregory M. Gryczan, Operations Manager
General Growth Properties

QUOTES FROM OUR CUSTOMERS

"Just back from a meeting with your Estimator. You have Such an excellent team. I can't tell you how wonderful it is to have such professional, pleasant and immensely competent folks working on this project."

Jack Rutland, Executive Director
Stonewall Library

I want to take a moment to acknowledge the tremendous effort RCC consistently provides on the PEI WEI Asian Diner and the P.F. Chang's project you have built. On each project, all substantial completions and turnover dates have been met, with minimal punch list items. Your Project Managers and Superintendents assigned to our projects have worked collectively to successfully pull everything together and truly work as a team. We welcome the opportunity to continue our working relationship for many future projects to come. You have a great team, and we appreciate your dedication to our projects and our success.

Thank you and keep up the good work!

Richard Wolford, Regional Director of Construction
P.F. Chang's China Bistro & Pei Wei Asian Diner

"Our experience of working with RCC in completing condominium unit finishes at two of our condominium communities – Harborage in Stuart, Florida and Astor in Delray Beach, Florida, was nothing short of excellent. Our own construction crews were busy completing \$500 Million dollars of construction on other developments and thus we had limited availability of resources. Time was of the essence and quality had to be commensurate with the high quality of these communities and our customers' expectations. RCC did an excellent job in meeting these challenges. As a result of RCC's diligent efforts, our closing took place with satisfied customers on time. RCC's ability to move quickly and to take charge, producing quality results, allowed us to concentrate our focus on the larger projects, which without RCC we couldn't have done."

Joel L. Altman, Chairman/CEO
Altman Development Corporation

"First off, thank you for being there – I would hate to think in what state of disaster this project would be in if it were not for RCC. The attitude of 'can do' – we will make it work – we will make schedule is the mantra amongst your troops, and it has not gone unnoticed by Anderson Real Estate. I have overwhelming comfort in the fact that going forward, The Shops at Pembroke Gardens has their contractor permanently imbedded, and future work will be by RCC. It is because of those who have stood out as leaders, and the professionalism of your entire company that the future with Anderson Real Estate can only get brighter and the North Prot project has to have a strong presence. I think by now everyone knows that Anderson Real Estate is not your typical developer. We are very hands on, and expect a lot of ourselves and in turn look at our contractors and anticipate the same. It is that dedication and professionalism that not only Adam, but your entire RCC Team display on a daily basis that makes RCC stand out as a leader in the industry. Thank you from all of us at Anderson Real Estate."

John Collier
The Shops at Pembroke Gardens

QUOTES FROM OUR CUSTOMERS

"I just wanted to say a quick thank you for your attention to our projects. Your weekend inspections of the RCC jobs (21 Projects) shows the level of commitment and service to your clients that we at Anderson real Estate have come to expect from our GC's. I truly appreciate the extra effort from everyone on your team to overcome the major obstacles in getting this project completed. Please keep up the good work over the next 4 or 5 weeks to make the opening of this center as grand as possible. I look forward to a long and profitable relationship with RCC, not only with the performance of interior build-out's and free standing restaurants in Pembroke Pines, but hopefully in the future as we continue to develop property in Florida Markets."

John Walker
Jeffrey R. Anderson Real Estate

"RCC has done a wonderful job this year and I really appreciate it. This was an extremely tough challenge; you guys deserve tons of credit for doing the impossible. I hope you can have a well-deserved break over the holidays."

Brian MacKellar
The Cheesecake Factory

"Our store opening was yesterday, and I cannot begin to tell you how pleased I am with how smoothly things are running. I must say that I have never had such a pleasant experience in my life. RCC was on target with absolutely everything – the schedule, the price, every detail. This was the most pleasant building experience in my life, and I'll definitely recommend you to every smart businessman who wants to be problem-free during any type of construction."

Boaz Roman
Diamonds Direct

"Our clients are our most important asset, and as such, we are very selective of who we allow to provide services for them. We recognize how very difficult it is to make a completed project look simple, and construct complex and unique projects with ease, and on time. RCC Associates excels in this regard, making each project their 'most important' project. We look forward to continuing our relationship together, and we are very happy to give RCC Associates our highest recommendation for construction quality, timely performance and value."

Mark Lotterman
Horizon Construction Group, Inc

"I think I speak for Jim, Dave and the entire Prime Blue organization when I say how much we appreciate the professionalism and unusual caring for your client that you and your entire Company have shown to us throughout the build out of the Prime Blue Grille. I have enjoyed very much working with you and your team, and have been very impressed with your ability to manage this project under very challenging circumstances. We thank you all!"

Gary Peters
Peters Development of SW Florida

QUOTES FROM OUR CUSTOMERS

"I wanted to take this opportunity to thank RCC for the excellent job of building the Cheesecake Factory in Naples Florida. Your team, headed by John Riskas, made a daunting task manageable and smooth. The coordination and communication that it takes in building a 10,000sf restaurant on an outparcel that did not exist 6 months ago, was formidable. It is not often in the mall business to encounter a general contractor who shares a vision or understand that to obtain success for the tenant, builder and landlord requires a comprehensive team effort. Please join me in thanking John and his staff for creating what will be an incredibly successful restaurant and a catalyst for the refashioning of Coastland Center."

Glen Harrell
General Growth Properties, Inc.

"Throughout our most recent project, I have been in contact with many of the RCC employees. All individuals were highly professional and very responsive to customers needs. Their sound professional manner, accessibility and attention to details eliminated many problems that often accompany construction projects of this nature. I would consider them the type of contractor who goes above and beyond the call of duty, and feel confident in knowing they will do whatever it takes to complete a project in a timely and cost efficient manner."

David Zidel
Phillips-Van Heusen Corporation

"I'd like to thank the entire team for another tremendous effort and results on a very tough project. This is a very clean turnover, and a quality restaurant. It seems I am regularly congratulating the RCC team, but it gives me great pleasure to work with such consistently great folks. My sincere thanks to your all."

Doug Middleton
The Cheesecake Factory

"Turnberry Associates and the entire Aventura Mall management team would like to take this opportunity to thank you for the diligent work your capable staff performed on the seven stores you worked on for the Aventura roll-out. It was RCC's ability and experience in getting those stores open in time that allowed us such a wonderful opening. The professionalism and quality of workmanship that the RCC team showed to us, the mall and owners was a great thing, and very much appreciated under the difficult conditions of pre-opening. It shows that hands-on ownership and personal attention pays off. I hope we have the opportunity to work together in the future."

Ted Siegal
Turnberry Associates

"I would like to congratulate you and your team on the successful completion and turnover of the new Morton's Steakhouse in Ft. Lauderdale. I appreciate the diligence of Mark Polani and especially John Mastrangelo and Patrick McInenly on timely coordination of the subcontractors and vendors on the project ensuring that the work was completed on time and with the quality that we expect. I look forward to working with the same team on future projects."

Jim Francis, Construction Manager
Morton's of Chicago

QUOTES FROM OUR CUSTOMERS

RCC Associates recently completed the renovation of our Foundation's Donor Lounge - The Josephine s. Leiser Room. The Leiser Room is a high end guest room for Broward Center for the Performing Arts Donors and Patrons. As such, it had to cater to the sophisticated, rigorous, and demanding aesthetic requirements of our Benefactors and the Broward Performing Arts Foundation. Their Project Manager Mr. Eric Waaser, and Project Superintendent Mr. David Rosetta were very professional and thorough. They had an excellent work ethic and always went over and above expectations in trying to resolve Owner, Architect, and Subcontractor issues. I recall Mr. David Rosetta running out to the local supply house a number of times to pick up materials that may work better in solving particular issues. They also offered alternative better solutions to problems when necessary. RCC's selected subcontractors were very professional and thorough as well. It was also surprising and rewarding to see Ms. Beverly Raphael, the President and Chief Executive Officer of RCC Associates come and visit the job site at several critical project milestones.

The ultimate true test of any construction project is the satisfaction level of everyone concerned. I can definitely say that this project met and or exceeded everyone's expectations. RCC Associates came in under budget expectations and on time. Timeliness was critical as the Leiser Room had to open prior to the first major show of the season in our Au-Rene Theatre.

Roman A. Rustia III, Director of Facilities Services
Broward Center for the Performing Arts

"I wanted to take this time to send you this quick message showing my appreciation and gratitude. I hope that you will share with Adam Watson as he was also an important part of this project. It is because of your hard work and dedication on this project which allowed us to achieve a very difficult open date. We had several complex obstacles that stemmed from a complete store redesign to the numerous issues we experienced with the city, your team hurdled through every challenge with a determined mindset.

Your listening to our needs, concerns and intentions, you offered your insight to the project objectives and limitations, shared your experience of the protocol and the parameters of code enforcement. You coordinated with the architect, engineers and subcontractors to construct as per plans, codes and regulations, while keeping my team engaged daily with reports and dialog, more importantly; you delivering to what you had promised too.

Liz Claiborne®

I had already considered your team to be focused considering the success we had in Pembroke, but his situation called for much more than that. The ramifications were much greater on this project due to the fact that had we not pushed the open date up 2 weeks and turned the store on 12/11/08 we would have been forced to keep the store closed through the holidays and open in the New Year. During many discussions with my team on this plan we unanimously concluded that with much hard work from all at LCI and our strong partnership with RCC it was a no brainer that we could achieve our open date. We thank you and your team for that dedication.

Moving forward LCI will look forward to it s continued partnership with RCC on our 09 projects. I personally look forward to not only our Florida work but working with you nationally.

Thanks again – Great job."

Tony Pizza, Construction Manager
Liz Claiborne, Inc.
